Concord Hospital supports Governor Sununu’s stay at home order, which goes into effect 11:59 pm Friday as a prudent measure to slow the spread of coronavirus (COVID-19).

Screening, Testing and Support

- On March 26, 24 patients visited one of Concord Hospital Medical Group’s two dedicated COVID-19 screening/testing sites and seven of those patients were tested for COVID-19. Since March 16, 356 patients have been screened at the two sites.
- As of March 26, 2020, the Concord Hospital health system has ordered COVID-19 tests for approximately 445 patients. To date, the Hospital has received results for 248 patients, which includes eight COVID-19 positive results.
- Of the eight positive results, one patient is currently hospitalized at Concord Hospital and seven are recovering at home.

Service Changes

- Concord Hospital Medical Group (CHMG) practices have suspended regular office visits and instead are conducting telemedicine/remote visits. On March 25, CHMG provided 447 TeleHealth visits and three VideoHealth visits. Since March 17, a total of 2,389 TeleHealth or VideoHealth visits have been provided.
- Concord Hospital Walk-in Urgent Care Center has modified its hours. The Center is open 9 am to 5 pm seven days a week, until further notice.

Cookie Lady

Concord Hospital chaplain, the Rev. Kate Morse, has a new nickname, thanks to the kindness of Concord Girl Scout Troop 20507. Kate, now referred to as ‘The Cookie Lady,’ was the lucky person who made the rounds on patient care units Monday delivering 168 boxes of donated Girl Scout cookies to clinical staff. Staff members were delighted at seeing the cookies and gratified by the support the Hospital and its staff are receiving from the community. “What a boost to morale! And all that from a box of cookies,” said The Cookie Lady.

Today, Kate delivered an overflowing basket of goodies contributed by Deborah Sargent of Epsom to very grateful doctors, nurses and other care providers.
