Donated Cloth Masks Making a Difference

The donations of cloth masks is having a positive impact on preserving Concord Hospital’s Personal Protective Equipment (PPE) supply for front line workers. Since we started distributing cloth masks to patients, visitors and staff we’ve experienced a 50 percent reduction in our surgical mask burn rate.

Thank You EXACOM!

Exacom generously donated 30 restaurant gift cards to Concord Hospital’s Security staff.

“At times like this, it is important that we all come together to support each other, especially those who knowingly put themselves at risk. I trust that on the other side of this, everyone will have a greater appreciation for our healthcare workers, public safety employees, and all those deemed essential, who sacrificed for the rest of us. Everyone here at Exacom wishes we could do more.”
